

FARLEY *EverGlide*[™] PATIO DOOR

Built with Solid Frame[™] Technology

Open your home to exceptional strength and beauty.

BUILT FOR LIFE

When the outdoor season kicks into high gear, nothing gets more wear and tear than your patio door. That's why it's important to know that our finely crafted EverGlide™ doors slide smoothly on a patented dual-tandem wheel system. Our locking system creates a weatherproof seal with tight security. Best of all, our industry-leading warranty guarantees that our doors will work effortlessly for life.

QUALITY THAT'S AFFORDABLE

Thanks to our Solid Frame™ Technology, our patio doors offer strength and durability, all at a surprisingly low cost. All EverGlide™ doors are tested against the toughest industry standards for air and water infiltration, wind load resistance, ease of operation, forced entry and more. Now you can create a high-quality, energy-efficient style for your home and still keep to your budget.

FARLEY WARRANTY

At Farley Windows & Doors we take great pride in our craftsmanship and manufacturing process, so why not have the best warranty in the business to back it up. The Farley Warranty covers all components including insulated glass, frames, sash, and hardware (excluding glass breakage). Our unique warranty is fully transferable with no additional paperwork and no additional charge.

FARLEY EverGlide™ PATIO DOORS

- 1 Multichamber profiles and multiple weatherstripping create greater thermal efficiency and help eliminate most outside noise.
- 2 Lower sill design provides safer entry and exit.
- 3 Energy efficient glass standard, for added defense against extreme temperatures.
- 4 Multiple weatherstripping virtually eliminates air infiltration.
- 5 Solid Frame™ Technology provides sturdiness and squareness with its heavy-duty PVC cladding on a superior-quality white pine wood frame.
- 6 Exclusive sliding system with patented dual-tandem wheels for a smooth and quiet operation.
- 7 Double rigid walls stand up to impact when moving furniture or other heavy objects.
- 8 Ergonomically designed aluminum handle offers sleek performance.
- 9 Interior cladding optional.
- 10 Sturdy all-aluminum angle-legged tracks for smooth sliding.
