

FARLEY *SureGlide*<sup>™</sup>  
PATIO DOORS

Enjoy The View<sup>™</sup>

Designed to be opened time and time again.

## Built for life

When the outdoor season kicks into high gear, nothing gets more wear and tear than your patio door. That's why it's important to know our finely crafted SureGlide™ doors slide smoothly on an exclusive system featuring an adjustable, 1" wheel. Our locking system creates a weatherproof seal with tight security. Best of all, our industry-leading warranty guarantees our doors will work effortlessly for life.

## Quality that's affordable

Thanks to our Solid Frame™ Technology, our patio doors offer strength and durability, all at a surprisingly low cost. All SureGlide™ doors are tested against the toughest industry standards for air and water infiltration, wind load resistance, ease of operation, forced entry and more. Now you can create a high-quality, energy-efficient style for your home and still keep to your budget.

## Test results

Farley for Life Warranty™ covers all components, including insulated glass, frames, sash and hardware. Our unique warranty is fully transferable with no additional charge. And, all Farley window and door products meet the highest Energy Star® standards for efficiency.

# SureGlide™ Patio Doors

- Multiple air chambers create greater thermal efficiency and better sound abatement.
- Weather stripping has three points of contact to provide increased protection against drafts and moisture.
- Thermal glazed units for added defense against extreme temperatures.
- Double weather stripping virtually eliminates air infiltration.
- Solid Frame™ Technology provides a heavy-duty PVC cladding on a solid pine wood frame.
- Exclusive sliding system with adjustable 1" wheel ensures smooth and quiet operation.
- Double rigid walls stand up to impact when moving furniture or other heavy objects.
- Ergonomically designed aluminum handle offers sleek performance.
- Interior cladding optional.
